Re: Docket No. DMA-1793X (Uranium)
Lena #1 Claim
Pima County, Arizona

Dear Mr. Rosenberg:

Reference is made to your letter of January 3, 1952, and our response of January 9, concerning the submission of additional information which would enable the Defense Minerals Exploration Administration to process your application under the above docket number.

Inasmuch as we have received no reply, we assume that you no longer desire to proceed with the application. We wish to cooperate with you in the matter of allowing ample time, but if the needed data has not been received by May 10, 1952, we will then consider the docket closed.

Sincerely yours,

Signed

Re: DMA-374
Commodity-Copper

Dear Mr. Meehe:

This is to acknowledge your letter of March 28, 1952 addressed to Mr. C. G. Hittendorf and which was referred to the Copper Branch, Domestic Expansion Division of this Agency for reply.

It was our belief that you were going to submit a revised project concerning your property in connection with the field team investigation of the Emerald Isle deposit. Therefore, in waiting for this project we have not taken any further action on your application because from the material you have submitted with your application and the information available to the Government, it appears that your present project is not feasible.

Very truly yours,

Tom Lyon

Re: Docket No. DMA-1793X
(Uranium)

Dear Mr. Rosenberg:

This will acknowledge receipt of your letter dated January 3, 1952 appertaining to the above captioned docket. The letter was a reply to ours of November 23, 1951 and the Supply Division letter of July 13, 1951.

Your letter states that "sufficient data was furnished in the first report made for a loan." A search thru our files fails to reveal any maps (sketches will do) of your workings whereon is shown the nature of the work you propose to undertake and other pertinent data.

We are enclosing a sample copy of an exploration project contract so that you may see how impossible it is to draw up such a contract on the meager information furnished with your application. A press release is also enclosed.

When we have received all the information requested your application will be given further study.

Sincerely yours,

Signed

Uranium - DMA 1793X

Dear Mr. Rosenberg:

Under date of July 13, 1951, DMA requested that you remit sufficient information to enable processing your application, DMA 1793X, for an exploration project. No reply has yet been received.

In view of the time elapsed, we assume that you are no longer interested in the project. Unless you advise us to the contrary within thirty (30) days, we shall accordingly close the docket.

Sincerely yours,

C. O. Mittendorf
