Dear Mr. East:

Your memorandum of July 27 addressed to Mr. Otto Herres regarding DMA-621, General Teller Mines, Summit County, Colorado, has been received.

We find that the letter to Mr. A. R. Rhine to which you refer stating that the application had been sent to the field office of Region IV for further information was never sent. In other words, the procedure was changed and the application was sent to Mr. Stanley Walker for processing an access road.

Yours very truly,

From: Executive Officer, DMA Field Team, Region IV

Subject: DMA Docket 621, General Teller Mines, Summit County, Colorado

We have in our files a copy of a letter dated March 23, 1951, from you to Mr. A. R. Rhine in which you state that your records indicate that application DMA 621 has been referred to the field office of Region IV for further information. This office has no record of having received the above application.

Any information you can give us on the status of this application would be greatly appreciated.

Re: Docket DMA-621
A. R. Rhine
General Teller Mine, Colorado
Exploration loan, $10,000
Lead, zinc

Memorandum

To: Reports and Records Unit
Administrative Management Division

From: Lead-Zinc Branch

Subject: Denial of exploration loan

A letter of inquiry dated February 21 was docketed DMA-621 although it was essentially an unclassified request for information regarding a Government loan. Mr. Rhine was informed of the exploration program by the field team when another application submitted by him, DMA-12, was given a field examination. Since Mr. Rhine did not send in an application for an exploration loan for the General Teller Mine, it can be assumed that he is not interested in obtaining funds under the Defense Minerals Administration's program. It is recommended that the docket be closed. No letter to the applicant is needed.

Returned herewith are:

Letter dated February 21

Memorandum dated March 20

Dear Mr. Rhine:

We have recently been informed that your application for assistance at the General Teller Mines was sent to the Housing and Utilities Branch of the Defense Minerals Administration in Washington.

Their files are not clear as to the disposition of your application, and it is therefore requested that you prepare new applications if you wish to proceed with any of your requests for assistance. Information on the various types of government assistance under the Defense Production Act of 1950 may be obtained from this office.

Prompt attention will be given to your new applications when received in Washington.

Yours very truly,

Memorandum

To: J. H. East, Jr.

From: Coordinating Committee

Subject: DMA-621, A. R. Rhine

The Coordinating Committee has talked to Mr. T. P. Billings, and Mr. Stanley M. Walker regarding the several applications which have reached DMA from A. R. Rhine.

The central file does not make clear the disposition of the applications but indicates that they were either denied, withdrawn or lapsed. In order to clear the situation will you bring this to Mr. Rhine's attention and suggest that if he wants to proceed with any of his requests for assistance that new applications be filed which will be given prompt attention upon receipt here.

Dear Mr. Rhine:

Your letter to Mr. James Boyd dated February 11 concerning your application for assistance on exploration and development work at mines in Summit County, Colorado, has been referred to me for reply.

We have received two applications from you - one, DMA-12, Kokomo Metals Consolidated; the other, DMA-621, General Teller Mines. Our records indicate that both applications have been referred to the field office of Region IV for further information. This office, as you probably know, is located at 224 New Customhouse, Denver, Colorado, Mr. J. H. East, Jr., Executive Officer. Possibly weather conditions have delayed the field organization in making an inspection of your property.

A press release is enclosed for your information describing the mineral exploration program which has been approved. Further information can be obtained from the Denver office if you are interested.

Yours very truly,

Otto Herres
