Dear Mr. Hensley:

Reference is made to your application for exploration assistance at the subject property.

On July 19, 1954, our field office wrote you, and on November 16, 1954, we wrote you requesting a copy of your lease and a description of the area involved. We need this information to properly process your application.

On April 4, 1955, we advised you that if the needed data have not been received within a month we would then consider the matter closed. To date we have not received a reply and we assume that you no longer desire to proceed with the application. Accordingly we are removing the application from the active file and considering the matter closed.

Sincerely yours,

C. D. Mittendorf

Dear Mr. Hensley:

Reference is made to our letter of December 20, 1954, advising that we would gladly give consideration to the processing of your application for exploration assistance at the subject property when you have received and furnished us with a copy of a lease.

It has been a long time since you filed your application and we have not received a response to the referenced letter. Unless we hear from you within a month from the date of this letter we will remove the application from the active file and consider the matter closed.

Sincerely yours,

Administrator

Dear Mr. Hensley:

Receipt is acknowledged of your letter dated December 4, 1954, concerning your application for exploration assistance at the subject property.

Please be advised we have no record of the blueprint of the property referred to in your letter.

We note you have applied for a lease on the Woody Ridge Mine. When you have received this lease, kindly furnish us with a copy at which time we will be glad to give consideration to the processing of your application.

Sincerely yours,

Memorandum

To: Operating Committee, DMEA - Washington

From: Executive Officer, DMEA - Region VII - Knoxville

Subject: DMEA-3400 (mica, Uranium) Johnson & Hensley, Woody Ridge Mine. N. C.

Reference is made to your letter of November 4.

No reply to my letter of July 19 has been received, and no further information concerning the application has been received, except a letter on July 15 advising that Johnson was no longer interested and Hensley wanted to continue the application in his name.

On August 13, Mr. Teague and Mr. Amos talked with Mr. Hensley about this application. He had not, at that time, applied to Bureau of Land Management for a lease and, so far as we know, he has not yet applied for a lease. He has no plan for exploration, and apparently does not intend to submit one. I suggest that the applicant be advised that the application will be dropped if additional information and proof of interest in the land is not provided within 30 days.

Dear Mr. Hensley:

As requested in your letter of July 15, one of our field men will look you up when he is in Gale, to give you assistance in connection with your application.

In the meanwhile, however, it will be most helpful if you will provide the information requested in my letter of June 24. Until we have a copy of your lease, and a description of the area involved, we cannot properly process your application.

Very truly yours,

Memorandum

To: Nonmetallic Minerals Division
Defense Minerals Exploration Administration

From: Chief, Ceramic and Fertilizer Materials Branch

Subject: DMEA 3400 (mica-uranium)

Applicant: Johnson and Hensley

Name and Location of Property: Woody Ridge Mine
Pisgah National Forest, North Carolina

Application Rec'd. by Ceramic & Fertilizer Materials Br.: June 29, 1954

Comments:

1. The application, as submitted by the applicants, is inadequate to determine the location of the property, geologic features, proposed exploration, or amount desired to conduct exploration.

Recommendation:

It is recommended that action be delayed on this docket until the applicants furnish sufficient data to assist an evaluation of the proposed exploration.
