Mr. Frank H. Meteritt
1245 Church Street
Eugene, Oregon

Re: Antimony Prospect
Humboldt County, Nevada
DMA Docket 1655x

Dear Mr. Meteritt:

Your application, DMA-1655x, for an exploration project in the sum of $20,000 has been received by the Minor and Rare Metals Branch of the Supply Division.

After careful review, we regret to advise that the DMA has decided to deny your application at this time. This decision is based on the meager information supplied by you and also on a geologic examination made under the strategic minerals program of the government just prior to World War II. Should additional or later information be available of any subsequent, more favorable developments please advise this office.

Yours very truly,

Tom Lyon, Director
Supply Division

MEMORANDUM

To: Administrative Management Division

Through: Directory Supply Division

From: Minor and Rare Metals Branch

Subject: F. H. DeWeritt prospect, Humboldt, County, Nevada
DMA docket 1655x Antimony

Under date of May 31, 1951, Frank H. DeWeritt 1535 Church Street, Baker, Oregon, applied for an antimony exploration project in the sum of $20,000, for a government participation of $15,000.

Attached hereto find letter of even date addressed to Mr. DeWeritt denying his application on the grounds of insufficient evidence of the presence of commercial amounts of antimony.

The DMA and Geological Survey assess the potentialities of the area as poor.

Attached hereto is the complete docket, which includes the following:

(a) Three copies each of form MF-100, MF-103, and applicants accompanying letter.
(b) Field term memorandum of submittal
(c) Review of application by A. E. McNaight.

Keston Bourret, Chief
Minor and Rare Metals Branch
