To : Paul T. Allsman, Denver, Colorado

From : Chief, Arizona-New Mexico Br., Mining Div., Region IV

Subject: DMA Docket 771, Oscar Lingdell's Keystone and Iris Lead Claims, Sierra County, N. Mex.

As requested by the Field Team, Region IV, Defense Minerals Administration, in their memorandum of August 31, we are returning the brochure for the above docket, so it may be placed in your inactive files.

Lingdell's property is on the east side of the Black Range or Mimbres Mountains, several miles south of Kingston. The claims are several miles from a road and as no one lives on them, we wrote Lingdell on July 16, asking if there was someone in New Mexico who could guide our engineer to his property. Receiving no answer from him, we wrote him again on August 27, this time registering the letter. We probably haven't had time to hear from this last letter yet.

From: DMA Field Team, Region IV

Subject: DMA Inactive files

Several DMA projects now pending in the field cannot be examined because of pending lawsuits or other conditions which are beyond our control. It is proposed to call in these brochures. The applicant will be notified by this office that his application has been placed in our inactive files and will be returned to the field when we receive notification that the project can be examined.

According to our information, the following brochures in the Arizona-New Mexico Branch Office should be returned to the Regional Office and placed in the inactive file.

DMA-20 - Alto Mining Co., Santa Cruz County, N.M.
DMA-971 - Oscar Lingdell, Sierra County, N.M.
DMA-1147- Mrs. Ethel Ferguson, Pinal County, Arizona

Kindly return the above brochures to this office unless you have more recent information to the effect that these projects may be in shape for inspection in the near future.

If you have any other brochures which you believe should be placed in the inactive file, please notify this office.

My dear Mr. Lingdell:

On July 16, we wrote you air mail and stated that we were ready to examine your Keystone and Iris lead claims in Sierra County, New Mexico (DMA Docket 771), but to date we have received no word from you regarding a guide who could show us your property.

We are wondering if you received our letter of July 16, so are registering this one.

If you know someone in New Mexico who could show your property to our engineer, we would appreciate receiving his name and address. However, if you no longer wish to apply for a loan on your property, please let us know so we can drop it from our list.

Sincerely yours

Dear Mr. Lingdell:

This will acknowledge receipt of Form MF-103 which you submitted to us.

We regret to inform you that the information supplied by you on Form MF-103 is not specific or complete enough for us to take action on your application.

You state that the work you propose to undertake is stoping. Because this cannot be considered as exploration work, can you supply us with more specific information.

Also we would like an itemized statement of the costs. We suggest that you follow the outline given under item 23 of Form MF-103, a copy of which is enclosed.

Re: Docket DMA-771

Mr. Oscar Lingdell
1007 Central Avenue
Bridgeport, Connecticut

Dear Mr. Lingdell:

In reply to your letter of April 17:

Before further consideration can be given to your application (DMA-771), it will be necessary for you to present us with a more specific statement as to the work you wish to undertake as well as an itemized estimate of the cost of the project. This can best be given on Form MF-103 previously sent you.

In order to obtain a loan of $4,000 it will be necessary for you to contribute an equal amount in the form of cash, rental of your equipment, your labor at reasonable rates, or similar contributions. These provisions are explained in the forms which were sent you in our letter of April 12.

We have made a copy of the assay sheet you sent us and are returning the original with this letter as you requested.

Very truly yours,

Otto Herres

In reply please
refer to DMA-771

Mr. Oscar Lingdell
1007 Central Avenue
Bridgeport, Connecticut

Dear Mr. Lingdell:

One of the purposes of the Defense Production Act of 1950 is the encouragement of exploration, development and mining of strategic minerals and metals. Where an applicant has sufficient proven reserves of strategic materials, Federal aid in mining can be given through procurement contracts for such materials as are in short supply. On the strength of these contracts, the applicant can obtain private financing in most instances.

The program recently approved for encouragement of exploration of strategic materials calls for participation on the part of the applicant. For zinc, lead and copper deposits it will be necessary to match Government funds on equal basis. Funds advanced by the Government will be considered a loan, to be repaid if the exploration is profitable, but to be canceled if unsuccessful. The details of the plan, explaining the projects that will be eligible for assistance, the terms and schedules of financing, repayment, and other pertinent information, are enclosed.

A review of your application (DMA-771) for financial aid in an exploration program at the Reyson and Ivis lode claims, Black Range, New Mexico, indicates that part of your proposal may be considered under this exploration program. Details concerning expenditures that will be considered chargeable to exploration aid will be subject to a final determination by negotiation. As your application does not show a detailed account of proposed expenditures, we cannot now estimate the amount of your application which may be covered by the program.

Before we can proceed further with consideration of your application, which may or may not require a field examination, please indicate your willingness to provide your share of the funds needed to carry out the proposed exploration. Any modification of your original proposal that you may wish to make will be considered, but you should be specific concerning the work you wish to undertake.

Very truly yours,

Otto Herres

Re: Iris & Keystone Lead-Silver claims, Kingston District, Sierra County, New Mexico

Dear Mr. Lingdell:

We are in receipt of several letters and copies of letters from you about your Iris and Keystone mining claims in the Black Range area. We gather that you are anxious to apply for a loan on this property. We are enclosing a set of NSRB-146 forms which should be filled out together with a summary letter describing the property and the way the money is to be spent. These should be mailed to Mr. J. H. East, Jr., Regional Director, Mining Division, Region IV, Bureau of Mines, 224 New Customhouse, Denver 2, Colorado, or to Dr. James Boyd, Administrator, Defense Minerals Administration, Interior Building, Washington 25, D. C. Also included are a set of instructions and a copy of Dr. Boyd's address to the American Mining Congress describing the purposes of the Defence Minerals Administration.

We note that your property is scheduled for examination by our office. We also note that the directions for finding the property are indefinite (you mention in some of your letters that the property is very hard to find). We must have explicit directions for reaching a property, preferably by guide. We are familiar with the general area and know how easily a property may be missed many times by only a few feet unless exact directions are given or unless a guide leads the way. When you are in this area, we will be glad to have an engineer accompany you to the property.

T. H. Miller

Dear Sir:

In anser to your letter of Sept. 15 in regards to a Mining Loan. I sent a form to Mr. East as you instructed.

I sent the same form over a year ago and they have as yet to make a examination and I bet they never will. This mine is located in a rather remote sec. of the Black range, but not to hard to reach. You may be sur that any new mines that are worth a dam will be found in the remote sec.

I wonder just were they expect fo fiend new ore deposits on the main roads?

By having my mine on file a year or more it looks to me the Dept. of Interior is not looking for any new ore bodyies to devolop. I'm willing to bet right now they are probley going over some old stuff thats failed before.

If nothing devolops in the next 90 days the Dept. of Interior can drop my propsition because I've had enough.

The Reconstruction Finance Corp. don't loan for Devolpment of new mines they as a rule put it in old failiers and mostleys in the forms of sudsideies in the end.

Sincerly,

Signed/ O. Lingdell

Mr. C. Allsman.

Dear Sir

In anser to your letter Sep 25 regarding the Iris & Keyston lood.

I was instructed by the Bureau of mine in Washington to send the copy I sent you they also informed me that a bill had been passed to help devolop and expand also including Exploration.

In you letter you stated that a examination probly wouldent do much good in view of lack of Exploration.

That would depent weather you were a politician or a Geologist if you were on location you'd know what I mean.

I'm sorry the mine isent located on route 66. Mr Mc millan has had this prapision for a year and I think its about time sentiny wo dom that he waited this long I won't the mine examined. as I want to get started mining and also want help.

I hope I'm wrong but I expect a half hearted Examination probly in the wrong place.

But your report would make good reading matter if I did get started myself. Sincerly C. Lingdell

Mr John East

COPY TO STORMS & MCMILLAN 9-28-50

Dear Sir

This letter is with refference to the Form I sent you 2 days ago regarding a loan to start operating my Patented mining claims Key stone & his Lead, sec 25-26 Range qw Sierra County New Mexico

This mine is not near a road and located in a remote sec. of the Black range Trujillo Cayon.

I doubt that your men would be able to bird it Even with the help of Mr able. Mr able knows were the property is but not were I was working. Even if you did the chances are the scar I cut in the vein fills up from decomposed metral over and would have to be cleaned out to have a good look. there is about a ton of lead I left on the sid as I was average sampling.

What I would like to get is a small load to start say from $2000. to $5000. I could set up Camp and I would open up the mine and stope out sid mor then Enough ore to cover the loan Then I want you to look over the situation. because I have to build a small tram and get a bulldozer to open a road out

The Coyon although in a rough country has a very gentle slop up and could be graded with a Buldozer. I used to drive a dodge within 3 miles on the coyon bed but last tim I was down two box coyon filled with rocks enough so I couldent drive a car between them. this mine has high grad ore and dont have to look for it and I can start producing ore as soon a I get a little help.
how much I dont know But indacation show its a true vain. the gauge rock shome it cam from debt and it run into the hill and paralell to the hill. and the other tunnel on the property run in a true line with the strike but at right angles showing that they were busier vins from the main load.
I prospected from Colorado from place to place and also in New mexico and this is the best proposition I have seen.
It took me took me 5 years to get possion of it as it was patened but no taxes were paid so I took it ove on tax sales.
were I to get finance aid elsewere I would have to surrender 51% and if I should sell stock I'd have to go through red take as long as my arm. were I to go it alone I'd be going half cocked at my present financial condition

Sincerly O. Lingdell

Mr. Oscar Lingdell
1007 Central Avenue
Bridgeport, Connecticut

Dear Mr. Lingdell:

Your recent letter, addressed to the Hon. O. Peterson regarding Government help in developing your mine in New Mexico, has been referred to the Bureau of Mines for reply.

Until the signing on last Saturday of the Defense Production Act of 1950, the only source of Government financial aid for such purposes was through the Reconstruction Finance Corporation. This avenue is still open and information regarding financial assistance may be obtained by addressing the Reconstruction Finance Corporation at 811 Vermont Avenue, N. W., Washington 25, D. C.

The Defense Production Act, as passed by Congress and signed by the President makes provision ".... for loans .... for the expansion of capacity, ... or the production of essential materials, including the exploration, development, and mining of strategic and critical metals and minerals", and that ".... financial assistance may be extended only to the extent that it is not otherwise available on reasonable terms."

Some responsibility in connection with the loans may be placed on the Department of the Interior, Bureau of Mines, but funds for the loans are yet to be appropriated. However, regardless of availability of funds your first step in becoming eligible for financial aid is to advise the Regional Director of the Bureau of Mines of your needs and your proposal for increasing mineral supply. I am enclosing a form for this purpose with the request that you file it with John H. East, Jr., Regional Director of your area, 224 Customhouse, Denver, Colorado. Submission of this schedule will enable the Regional Director to have the property examined if necessary and make a recommendation for consideration of this office as to the course of action to be followed.

Copy to: John H. East, Jr., Denver, Colo.

I regret that I cannot give you more assurance of assistance at this time but the signing of the Defense Production Act is so recent that it is difficult to know what can be done under the powers it provides. You can be certain, however, that any information you furnish the Bureau will be given immediate consideration.

Sincerely yours,

THOS. H. MILLER

Bridgeport, Connecticut

Dear Mr. Lingdell:

This will acknowledge receipt of your letter and four copies of NSRB-146 in connection with a Government mining loan.

Your application is being forwarded to the Defense Minerals Administration in Washington, D. C. for consideration.

Sincerely yours,

J. H. East, Jr.

Form NSRB-146
(Nov. 1950)

UNITED STATES GOVERNMENT

APPLICATION FOR GOVERNMENT LOAN
UNDER SEC. 302 OF
DEFENSE PRODUCTION ACT OF 1950

FORM APPROVED
BUDGET BUREAU NO. 25-R002

AMOUNT OF LOAN REQUESTED

TERMS OF LOAN REQUESTED

DATE OF APPLICATION

TO BE FILLED IN BY DELEGATE AGENCY

(DATE RECEIVED)

COMM.

AGRIC.

INT.

D.T.A.

FILE NO.

NAME AND ADDRESS OF APPLICANT (*Street, City, Zone, State*)

Oscar Lingdell,
1007 Central Ave.,
Bridgeport, Conn.

INSTRUCTIONS

Application should be filed with the Department of Commerce, Department of Agriculture, Department of Interior, or the Defense Transport Administration, whichever has the primary interest in the facilities, products, or processes involved. However, for convenience of the applicant, he may file with any government agency with which he has contract or other pertinent relationships and such agency will arrange for the transmittal of the application to the appropriate office.

Submit four (4) signed copies of the application. Name and address of applicant should be stamped or typed for identification of each sheet of the application and all accompanying papers. When a question is inapplicable, this should be so stated on the form. Additional sheets may be attached in answering any questions or in providing other supporting information.

1. PURPOSE OF LOAN

Give a brief general statement of the purpose of the loan requested, including in the table below estimated amounts for such major purposes as land acquisition, building construction, purchase of plant, purchase of equipment, working capital, repayment of debt, etc. Statement should make clear whether funds will be used for expansion of capacity, development of technological processes, or production of essential materials.

General Statement

To open up Patented Mining Claims Keyston and Ivis Loads Sec. 35-36 Township 16, Range 9 Survey #1927.

To mine lead, silver, zinc copper.

NATURE OF EXPENDITURE	AMOUNT
For mining help. Mining tools and equipment. A short tram and bin. Bulldozer for road clear.	About
Total amount applied for	$25,000.00

2. PROPOSED METHOD FOR REPAYMENT OF LOAN

State sources of funds, and proposed schedule of repayment

Through shipments of ore.

3. NATURE OF BUSINESS AND DESCRIPTION OF PROJECT

Describe fully the business activity for which the funds are intended. In so doing, identify the materials and services to be produced, describe the facilities and processes involved, and explain in detail any research activity and the nature of the results expected. Attach blueprints and specifications, if available, and furnish other technical details to the extent that they are not covered elsewhere in the application.

Have a mine thats just beginning to show good promises. Average about 20 percent lead, 10 to 88 oz. silver, some copper and zinc. Located in Black Range, New Mexico Pat. Survey #1927, Sec. 35-36 Township 16, Range 9W.

Would like to open this mine for production as soon as I can.

4. Relationship to National Defense. Explain carefully how the expenditure of the funds will contribute to national defense. As a part of such explanation, the following questions should be answered to the extent possible:

(a) What evidence exists as to current shortages of the materials or services to be produced?

Shortages of lead, zinc, copper.

(b) What evidence exists as to future shortages of the materials or services to be produced?

(c) Are such shortages, if any, regional or national in scope? National scope.

(d) In what respects will the use of the funds aid directly in expediting the carrying out of government defense contracts? (A listing of defense contracts, if any, held by applicant is required in item 8 below.)

Producing mineral.

4. Relationship to National Defense - Continued

(e) In what respects will the use of the funds aid indirectly in expediting the carrying out of government defense contracts or related operations?

Help in supplying needed mineral.

(f) Are there available alternative methods or facilities to accomplish the same purpose as that for which these funds are intended? (For instance, unused capacity, possibility of multiple shift operations, idle facilities, readily convertible equipment, sub-contracting?) If answer is yes, explain why alternatives are not used.

5. Maximum Designed Production

List separately materials or services identified in item 3 (a)	Unit of measure (b)	Maximum designed production with existing facilities (c)	Average percentage of maximum designed production used in quarter preceding filing of application (d)	Maximum designed production including use of funds applied for (e)

6. Employment

(a) Number currently employed at location(s) where funds are to be used. (Use pay period ending nearest 15th of month preceding filing of application.) None

(b) Maximum feasible employment with existing facilities.
(1) Single shift operation.

(2) Multiple shift operation (specify how many shifts).

(c) Estimated additional employees required by the use of the funds applied for.

7. Timing

(a) On what date(s) are the requested funds needed? As soon as possible.

(b) On what expected date(s) will applicant begin to use such funds and obtain output from the use of such funds? Wherever possible, give planned schedule of output.

As soon as obtained.

No planned schedule of output.

8. Output from the use of funds applied for will be for the following purposes:

a. For the following principal prime defense contracts (if any) with the United States Government:

Date of contract (a)	Contracting Government Agency (b)	Program symbol (2 digits) or other contract identification (c)	Materials or services (d)	Delivery date(s) (e)	Amount *(Dollars)* (f)

b. For the following subcontracts (if any) with U.S. Government prime defense contractors:

Date of contract (a)	Materials or services (b)	Supplied to *(Give name and address of firm)* (c)	Delivery date(s) (d)	(e) Government agency receiving end product or services (f) Program symbol (2 digits) or other contract identification	Amount *(Dollars)* (g)
				(e) (f)	
				(e) (f)	
				(e) (f)	

c. For the following classes or types of customers not covered by contracts listed above (list materials or services to be provided and, wherever possible, also indicate final product use):

9. **Feasibility**

(a) Estimate anticipated requirements for manpower, equipment, raw materials, energy, fuel, transportation facilities, water supply, housing, community facilities, and other factors of production, for (1) preparation of the facilities and (2) actual operation thereof. (The estimates may be limited to those factors of substantial significance to the preparation and operation of the facilities for which the funds are intended.)

(b) Discuss and evaluate the availability of each of the above factors in the area(s) where the funds will be used.

10. The following applications for necessity certificates for tax amortization (Under Section 124A of the Internal Revenue Code) for facilities at the location(s) covered by this application have been filed since January 1, 1950.

Date of application (a)	Government file number (b)	(Estimated) Total of facilities in dollars on each application (c)	(d) If final action has been taken, give date of	
			Issuance	Denial

11. **Recent Efforts to Obtain Credit**

(a) Banks—List names and addresses of all Banks of Deposit of Applicant within the last 5 years: *(Mark with an asterisk (*) bank or banks in which deposits are now kept)*

First National Bank of Bridgeport, Conn.

11. **Recent Efforts to Obtain Credit** - Continued

(b) State efforts to obtain credit, within 60 days preceding date of application, from banks, the Reconstruction Finance Corporation, or other sources, results, and reasons if refused. (NOTE.— Section 302 of the Defense Production Act of 1950 states that a loan may be extended "only to the extent that it is not otherwise available on reasonable terms." Accordingly, Applicant should show that it has applied to each bank named in (a) above, or explain the reason for not doing so. The fact that a loan of the particular maturity and terms applied for is refused by a bank or banks is not sufficient to comply with the statute, if credit on reasonable terms is available. State whether a bank will participate in the loan, and if so, state name of bank and amount of participation. Full particulars must be given.) List the names and addresses of banks and other lending institutions to which applications for credit have been made, and in each case state date of application, amount of credit available, if any, maximum term for which credit is available, what consideration, if any, was given to possible guarantee of loan under Federal Reserve Regulation V, and reason for refusal or reason loan was not obtained. Indicate whether or not application was definitely refused for further credit on any basis.

First National Bank of Bridgeport, Connecticut. Reason for was not enough collateral. for engineering purpose of the mine.

12. What other forms of government financial assistance, if any, have been received or requested by the applicant in connection with the purposes of the loan herein applied for? If applicant plans to request such assistance in the future, give details.

None

13. **HISTORY, MANAGEMENT, LEASED AGREEMENTS, INSURANCE, ETC.**

These subjects should be fully covered in statements attached hereto. Outline past management experience or other basis for showing competence of the Applicant to perform in accordance with expressed purpose of the application. If plant was purchased, state price, form and terms of payment, date of purchase, from whom and under what circumstances purchase was made. If it is proposed to construct or acquire new facilities (including equipment), state estimated cost and basis of such estimate, form and terms of payment, and from whom purchases of facilities will be made. State whether Applicant, or the business or plant, has been in receivership, bankruptcy, Chapter X, XI or XII, in hands of creditors, committee, or whether Applicant has effected a compromise with creditors, and if so, discuss fully. Indicate whether business is conducted in leased premises and whether any facilities are leased from others and describe terms of any lease agreements. List type and amount of insurance carried on plant property. Describe briefly any pending or threatened litigation affecting Applicant. None

14. NAMES AND ADDRESSES OF OFFICERS, DIRECTORS, OR PARTNERS, AND IN ADDITION THERETO, THE FIVE LARGEST STOCKHOLDERS IF A CORPORATION.

NAME AND ADDRESS (a)	Official title (If officer is also director indicate by "D") (b)	Total of annual salary, commissions, bonuses, etc., received from Applicant and affiliates during last fiscal year (c)	Estimated net worth outside of Applicant (d)	Number of shares held in applicant		Life insurance carried for benefit of Applicant	
				Common (e)	Preferred (f)	Amount (g)	Net cash surrender value after loans (h)
Personally owned mine and property.							
	Total		x x x x x			x x x	x x x

15. CAPITAL STOCK ISSUES

For Corporate Applicants

Item	Authorized (a)	Outstanding (b)	Par value (c)	Number of shares outstanding (d)	Dividend rate last paid (e)
Common stock	$	$	$		
Preferred stock	$	$	$		

16. PURCHASE AND SALES RELATIONS WITH OTHERS

Does Applicant buy from, sell to, or use the services of, any concern or partnership in which an officer, director, large stockholder, or partner of the Applicant has a substantial interest? If not, so state. If so, give names of such officers, directors, stockholders, and partners, and names of such concerns or partnerships. None

Does any officer, director, large stockholder, or partner of Applicant receive any commission, bonus, or other payment in cash or services from any concern or partnership with which Applicant has business dealings? If not, so state. If so, give names of such officers, directors, stockholders, or partners and amounts of such commissions, bonuses, or payments.

17. COMPENSATION SCHEDULE

INSTRUCTIONS: The schedule shall show the amount of compensation being paid to all employees of Applicant receiving compensation at a rate in excess of $10,000 per annum, including employees paid on a part-time basis where the rate of compensation exceeds $10,000 per annum computed on a full-time basis. If Applicant is a corporation, the schedule should show the compensation, regardless of amount, being paid to all officers, directors, and such stockholders as have an interest in Applicant's business of 10 percent or more. If Applicant is a partnership, the schedule should show the compensation being paid to, or being withdrawn by, all partners for their personal use. If Applicant is an individual, the schedule should show the amount being withdrawn by Applicant for his personal use. In each case the listed person's connection with the business should be indicated (i.e., whether an officer, director, stockholder, partner, owner, etc.). The calendar basis for the compensation should likewise be shown. Attorneys or firms of attorneys on a regular retainer or salary basis should be included. The schedule should include a separate notation indicating the source and amount of any compensation being paid by a company or firm directly or indirectly controlling, affiliated with, or controlled by, Applicant. If the space provided herein is insufficient, the schedule should be continued on the reverse side or appropriate continuation sheets should be attached.

None

17. **COMPENSATION SCHEDULE** - Continued

The term "compensation", as used herein and such schedule, shall include all salaries, fees, bonuses, commissions, retainers, regular drawing accounts, and other payments, direct or indirect, in money or otherwise, for personal services.

Name (a)	Position (b)	Compensation paid during previous fiscal year (c)	Present compensation (d)
None			

18. **COLLATERAL**

(a) The applicant offers the following described collateral as security for repayment of the loan applied for.

Description (a)	Date acquired (b)	Cost (c)	Book Value (Net) (d)	Appraised* value (e)
Property now held: Mine (Personal)				
To be acquired:				

* This column need be filled in only if a recent appraisal has been made. If so, identify appraiser below.

Name (a)	Title (b)	Date (c)

(b) Describe existing liens, if any, on property listed above.

None

18. Preferred stock (issued) (if Applicant is incorporated)				
19. Surplus (if Applicant is incorporated)				
20. Capital and surplus account (if Applicant is partnership or individual)				
TOTAL LIABILITIES				

NOTE— If years included in the above table are not adequately representative of applicant's financial experience, condition statements may be submitted for additional years.

EXHIBIT D

AGREEMENT AS TO COMPENSATION FOR SERVICES RENDERED OR TO BE RENDERED TO APPLICANT IN CONNECTION WITH APPLICATION AND/OR LOAN

To induce the United States Government and its agencies to make a loan under Sec. 302 of the Defense Production Act of 1950 to _____ (hereinafter called "Applicant") and in consideration of the making of a loan to Applicant, the undersigned, having been retained by Applicant for the purpose of rendering professional or other services in connection with its application for a loan or loans, hereby represents, warrants, and agrees that the undersigned has not been paid, has not made any agreement with the Applicant to be paid, and has not procured any person to pay or agree to pay, and will not, directly or indirectly, charge or receive any bonus, fee, or commission in any form in connection with the said application for, or the obtaining of, the loan applied for by the Applicant, or any compensation in any form for services rendered or to be rendered in connection therewith except for the services and in the amounts stated below:

Name	Description of services	Amount paid	Amount to be paid
		$	$

To induce the making of the loan and the employment of the undersigned by Applicant, the undersigned hereby further warrants, covenants and agrees, upon the consideration herein specified, and in consideration of the employment of the undersigned by Applicant, as above recited, that if the amount of compensation stated above for any such services shall not be deemed reasonable by any agency of the United States Government, the undersigned will reduce the charge for such services to such amount as shall be deemed reasonable by such agency, and will not, directly or indirectly, charge or collect from the Applicant or any other person, any sum in excess of the amount so deemed reasonable; and that if the undersigned has heretofore collected, from the Applicant or any other person, as compensation for any such services, any amount deemed by such agency to be unreasonable, the undersigned will refund to Applicant or such other person such sums as are in excess of the amount deemed reasonable. The undersigned further warrants, covenants and agrees that if the amount of the compensation for any such services is not determinable at the date of application, or is not stated above, it will not collect or charge any sum as compensation for such services without the prior written approval of the Government agency with which this application is officially filed as to the nature of the services for which such compensation is to be paid and the amount of such compensation.

Dated _____, 19____

NOTE—Corporations must execute foregoing certificate in corporate name, by duly authorized officer, and seal must be affixed and duly attested; partnerships must execute in firm name, together with signature of a general partner. If no compensation is paid or to be paid for services rendered in connection with application or loan, this should be so stated and the Applicant should sign this Exhibit.

CERTIFICATION

The Applicant hereby certifies that the statements made in the foregoing application, and all exhibits and documents submitted in connection therewith, are true and correct statements to the best of Applicant's information and belief and are submitted as a basis for credit. The Applicant agrees to reimburse any agency of the United States Government upon demand for any expenses incurred in connection with or arising out of this application or any loan made pursuant hereto.
