Memorandum

To: C. O. Mittendorf, Acting Administrator
Defense Minerals Exploration Administration

From: Executive Officer, Field Team, Region IV

Subject: Application of T. J. Hazelton, Docket 1892.

The above application was filed August 14, 1951. The applicant was requested to submit additional information and since nothing was heard from him, it was placed in the inactive file.

On February 8, we received a second application from Mr. Hazelton for the same project. This application was sent to Defense Minerals Exploration Administration, Attention: Code 210, and given Docket No. 2369.

Kindly cancel Docket 1892. Docket 2369 is now being processed in the field.

Mr. J. B. Gowen Chief, off Copper Div.

Dear Mr. Gowen

Please find inclosed, four coppies off Forms MF-103 and also one Form MF-100 fild out applying for Government aid to finish a mining project. I have been working on in the Animos Mining Dist. In Suma County, New Mexico, also my aggrement with Mr. Ralph S. Tafoya of Hot Springs, N. M. I want to state here for the Benefit of this project that I have put a loot of money in this mine and cannot go any farther at this time with out financil aid. This mine is showing a loot promes off beeng a Big Producer I am, enclosing some pictures and also, datta from Bulleten No 10 From the Bureau of Mines Soccoro, New Mexico. We are Developed to where some financial aid should put this mine to paying its way and as it developes larger and Deeper, from all records of other mines in the district the ore will be richer in minerals, We have some machinery including a to place stamp mill whitch is old but in good repair. But need nagonaton and table. I have had a lot off experience with machiny and can manage with used, equiptment. We are trying to locate a supply off watter on our claims and also can purchass a mill sight at a fair price that has a good watter suply. I am enclosing a hand map off claims.

Yours very sincerly,

Mr. J. B. Gowen, Chief, Copper Branch
this in Reply to your letter of July 16, for which
I thankyou. There were no forms inclosed, so would you please
send them I think I can qualify for a loan as I have some tonnage all
ready mined and stoved and have a 30 inch vien showing however if I
could get some Exploration aid I could further stock pile the ore and we
could make a mill loan in the future I have a good mine which has a
promising future and I want to develope it in the near future I will
also mail you some samples of ore at your request.

Thanking you very much.

Yours Sincerely,
T. J. Haselton

Dear Mr. Hazelton:

This is to acknowledge your letter of July 5, 1951. Upon your request we are enclosing a copy of the Regulations MO-5, Forms MF-101 and 102 and five copies each of Forms MF-100 and MF-103.

To qualify for a loan to finance the construction of a small mill, you must be able to prove that sufficient tonnage is available to be treated in your mill to amortize the loan.

Very truly yours,

J. B. Owen, Chief
Copper Branch

Review of Application for Exploration Assistance

Docket No. [illegible]

Commodity [illegible]

Total Amount [illegible]

Govt. Participation [illegible]

1. Name and Address of Applicant [illegible]

2. Location of Property [illegible]

3. Mineral or metal [illegible] Is it listed in Section 9 of MO-5? [illegible]

If not, application will be rejected.

4. Geologic probability of discovery—based on data in application (question #16, 17, 18, 20 and 22)*

Mines or Survey reports, etc., do you rate chances:

a) Good

b) Poor

c) None

d) Don't know—needs field examination ✓

e) Is there an alternative and favorable project?
(If so, attach an explanation)

5. Is the applicant's right to the property clearly stated? No (lessee or owner?)
(question 5, 6, 7)*

6. If applicant is a lessee, is a copy of the lease attached?

Does the lease have sufficient time to run to cover a future productive period? ~~[illegible]~~ No

*question numbers are those of MF-103

7. Are subordination agreements necessary? Yes

a) MF-201? _____

b) MF-202 ✓

8. From the data presented, does the proposed project appear feasible from the point of view of:

a) Available manpower Yes

b) Equipment and supplies Yes
(Question 14 plus general knowledge of availability)*

c) Accessibility (question 12)* [illegible]

d) Water (question 13)* [illegible]

e) Power (question 13)* Yes

Is a field check needed on any of these points? [illegible]

9. Does the experience of the applicant appear to be adequate to assure that he can properly conduct the proposed project? (question 4)* _____

[illegible]

Is a field check needed on this point? Yes

10. Exhibit A. (questions 21 and 22)*

a) Is the project adequately described? No

If not, are there sufficient data given so that you can describe the project? No If so, attach a draft.

b) Is there an adequate map or sketch of the proposed work? No

c) Is the proposed work "exploration" under the definition of Section 8, MO-5? ?

If not, what part of it is? _____

Is this part a worthwhile exploration project? —

d) Are the cost estimates detailed? No

Can they be summarized, as on page 2 of Procedural Instruction 5-A, from the available data? Yes If so, attach a draft.

e) Are the cost estimates reasonable? Can't Tell

f) Should more information be requested from applicant? Yes [illegible]

g) Is a field examination necessary to complete Exhibit A? Yes

11. Exhibit B (question 23-d)*

a) Is it applicable? Yes

b) If so, are sufficient data furnished? No If so, attach a draft.

c) Is a field check needed? Yes

12. Exhibit C (question 23-e, f and g)*

a) Is it applicable? [illegible]

b) Sufficient data? No If so, attach a draft.

c) Are rents and charges reasonable? Can't tell

d) Is a field check needed? Yes

13. Exhibit D (question 23-a, b)*

a) Are there sufficient data? No

b) Is the schedule adequate for the work proposed? Can't tell

c) Is the schedule excessive for the work proposed? "

d) Are the proposed wages and salaries reasonable? "

e) Is a field check needed? Yes

INSTRUCTIONS

Read Mineral Order 5, Regulations Governing Government d in Defense Projects, before completing this application. bmit four signed copies of the application to Defense Min- ls Administration, Department of the Interior, Washington D. C., or to the nearest field executive officer thereof, with r name and address on each sheet of the application and ccompanying papers. If any question is inapplicable, or if you cannot answer it, so state on the form. Where the space provided for answer is insufficient, answer on a separate sheet, annex it to the application form, and refer to it in space for answer. If the application is approved, you will be presented with an exploration project contract on Form MF-200, for your signature.

THE APPLICANT

s applicant an individual, partnership, or corporation? Partnership

a partnership, state names and addresses of partners.

a corporation, state names and addresses of officers, directors, and five largest stockholders.

e scribe the mining and general business experience of (*a*) the applicant, and (*b*) the person or persons who will manage the oject.

e you the owner or the lessee of the property?

wner, state what claims, liens, or encumbrances, if any, are against the property.

ssee, attach a copy of the lease and state if it is in good standing.

TE.—It will be necessary to procure and attach to the exploration project contract agreements of claimants, lienors, encumbrances and lessors subordinating their interests in the property to the interest of the Government under the contract.

nish current financial statement, showing assets and liabilities, and a profit and loss statement.

much money is applicant prepared to invest in proposed project? Is it sufficient to pay your part of the cost of the ct as detailed in question 23 of this application form, in accordance with the regulations on Government participation tion 9 of Mineral Order 5)?

ave already answered these questions on MF-100, you are not required to answer the questions for this application.

16—64067-1

THE PROPERTY

10. (*a*) Give a description of the real property that will be in any way involved in the exploration project, including any existing mine or operating property. [illegible]
    (*b*) Give the legal description of the exact parcel, plot, or area upon which the exploration is to be conducted. [illegible]

    NOTE.—If both areas are the same, so state. The only obligation to repay the Government is from the net earnings from any commercial discovery made in the area specified in (*b*) above in which the exploration is to be conducted, and the expenditure of funds which may be charged as costs of the project must be limited to that area or to work necessary to perform the exploration in that area.

*11. State the present and former names of the property, if any. [illegible]
*12. State, in detail, the location of the property with reference to towns, railroads, roads, shipping points, including distances and directions and kinds and conditions of roads. [illegible]
*13. State source and quantity of water available for operations and its sufficiency at all seasons. State amount of power to be used, rate per hour or other cost, and source. [illegible]
*14. Describe any existing useable facilities, equipment, buildings, or structure now on the property that will be devoted to the exploration work. [illegible]
15. State in detail how the ore could be shipped and how and where milled. [illegible]
*16. History: [illegible]
    (*a*) Give a statement, as complete as possible, of previous exploration, development, operation, and production of property, with reasons for any past suspensions of operations. [illegible]
    (*b*) State briefly the known history and production of adjoining and neighboring properties. [illegible]
    (*c*) Furnish any available (private) reports that may apply to this application, including results of mine examinations, recommended exploration and development, and metallurgical investigations.
*17. Production: [illegible]
    (*a*) If mine is in production, furnish the following information: [illegible]

	Tons per day	*Grade or analysis*	*Cost per ton*	*Net value per ton*
(1) Mining	[illegible]	[illegible]		
(2) Milling				
(3) Shipped or sold				

*18. Ore or mineral reserves: (If property is or has been operating.) [illegible]
    (*a*) Describe the ore or mineral deposits briefly. [illegible]
    (*b*) Submit available maps and assay data.
    (*c*) Give estimated tonnage and grade of each class of ore reserves.
19. State any conditions or circumstances regarding the property not sufficiently brought out by the foregoing questions.

THE EXPLORATION

20. For what mineral or minerals and for what types of deposits and ores will the exploration be conducted? [illegible]
21. Describe briefly, but concisely, the proposed work and the estimated time required to complete it.

    NOTE.—The Government will not participate in a project that will require more than 2 years to complete.

22. Furnish statement of the geological basis of the project with particular emphasis on factors leading the operator to expect the finding of commercial ore bodies. This statement should be accompanied by supporting maps such as geological maps, maps of the proposed openings and assay maps, sample lists, and other pertinent data. [illegible]

THE REQUIREMENTS AND COSTS

23. Tabulate in the form of an itemized statement with a sum for each item the estimated requirements and costs of the project so that the total will give the estimated cost of the project in which the Government will participate, as follows:
    (*a*) Labor, by numbers and classes (miners, muckers, millmen, etc.), with wages of each. [illegible]
    (*b*) Supervisors, by numbers and positions, with salaries of each. [illegible]
    (*c*) Cost of necessary repairs to existing facilities, structures, and buildings. [illegible]
    (*d*) Cost of necessary installation or construction of additional facilities, structures, and buildings. [illegible]
    (*e*) Cost of items of equipment, not now owned by the applicant which must be purchased for operations at a cost of $50 or more each. [illegible]
    (*f*) Cost of rental for equipment which the operator proposes to rent. [illegible]
    (*g*) Rental value of items of equipment which the operator now owns and which will be devoted to the work. [illegible]
    (*h*) Cost of materials and supplies, including items of equipment costing less than $50 each. [illegible]
    (*i*) Cost of power, water, utilities, and any other items not provided for above. [illegible]
24. Furnish a time schedule of the project, stated in terms of months after project is approved, showing progress expected to be accomplished and the money expected to be spent. [illegible]

INSTRUCTIONS

Read Mineral Order 5, Regulations Governing Government Aid in Defense Projects, before completing this application. Submit four signed copies of the application to Defense Minerals Administration, Department of the Interior, Washington 25, D. C., or to the nearest field executive officer thereof, with your name and address on each sheet of the application and all accompanying papers. If any question is inapplicable, or if you cannot answer it, so state on the form. Where the space provided for answer is insufficient, answer on a separate sheet, annex it to the application form, and refer to it in space for answer. If the application is approved, you will be presented with an exploration project contract on Form MF-200, for your signature.

THE APPLICANT

*1. Is applicant an individual, partnership, or corporation? Partnership
*2. If a partnership, state names and addresses of partners.
*3. If a corporation, state names and addresses of officers, directors, and five largest stockholders. None
*4. Describe the mining and general business experience of (a) the applicant, and (b) the person or persons who will manage the project. J J Hazelton has managed this Project for one year
*5. Are you the owner or the lessee of the property? owner
6. If owner, state what claims, liens, or encumbrances, if any, are against the property.
7. If lessee, attach a copy of the lease and state if it is in good standing. Lease & contract attached

NOTE.—It will be necessary to procure and attach to the exploration project contract agreements of claimants, lienors, encumbrances and lessors subordinating their interests in the property to the interest of the Government under the contract. Agreement attached

8. Furnish current financial statement, showing assets and liabilities, and a profit and loss statement. furnished on sheet
9. How much money is applicant prepared to invest in proposed project? Is it sufficient to pay your part of the cost of the project as detailed in question 23 of this application form, in accordance with the regulations on Government participation (Section 9 of Mineral Order 5)? answer on separate sheet

*If you have already answered these questions on MF-100, you are not required to answer the questions for this application.

16—64067-1

THE PROPERTY

10. (*a*) Give a description of the real property that will be in any way involved in the exploration project, including any existing mine or operating property. Sheylight mine on Pat Down Claims.

(*b*) Give the legal description of the exact parcel, plot, or area upon which the exploration is to be conducted. On Contract

NOTE.—If both areas are the same, so state. The only obligation to repay the Government is from the net earnings from any commercial discovery made in the area specified in (*b*) above in which the exploration is to be conducted, and the expenditure of funds which may be charged as costs of the project must be limited to that area or to work necessary to perform the exploration in that area.

*11. State the present and former names of the property, if any. [illegible] Pat Down Claims

*12. State, in detail, the location of the property with reference to towns, railroads, roads, shipping points, including distances and directions and kinds and conditions of roads. [illegible]

*13. State source and quantity of water available for operations and its sufficiency at all seasons. Well, State amount of power to be used, rate per hour or other cost, and source. [illegible] 25 HP. [illegible]

*14. Describe any existing useable facilities, equipment, buildings, or structure now on the property that will be devoted to the exploration work. One Compressor Engine with Jack Hammers [illegible] Hand Tools

15. State in detail how the ore could be shipped and how and where milled. [illegible]

*16. History: [illegible]

(*a*) Give a statement, as complete as possible, of previous exploration, development, operation, and production of property, with reasons for any past suspensions of operations.

(*b*) State briefly the known history and production of adjoining and neighboring properties. [illegible]

(*c*) Furnish any available (private) reports that may apply to this application, including results of mine examinations, recommended exploration and development, and metallurgical investigations.

*17. Production:

(*a*) If mine is in production, furnish the following information: mine will start [illegible] Oct 1 [illegible]

	Tons per day	Grade or analysis	Cost per ton	Net value per ton
(1) Mining	[illegible]	[illegible]	[illegible]	[illegible]
(2) Milling	Will Be Increased as mine Develops			
(3) Shipped or sold				

*18. Ore or mineral reserves: (If property is or has been operating.) Approximately 30 tons [illegible]

(*a*) Describe the ore or mineral deposits briefly. Three claims [illegible] of Claims [illegible]

(*b*) Submit available maps and assay data.

(*c*) Give estimated tonnage and grade of each class of ore reserves.

19. State any conditions or circumstances regarding the property not sufficiently brought out by the foregoing questions. [illegible]

THE EXPLORATION

20. For what mineral or minerals and for what types of deposits and ores will the exploration be conducted? Gold [illegible] Zinc [illegible]

21. Describe briefly, but concisely, the proposed work and the estimated time required to complete it. 250 feet 5 months

NOTE.—The Government will not participate in a project that will require more than 2 years to complete.

22. Furnish statement of the geological basis of the project with particular emphasis on factors leading the operator to expect the finding of commercial ore bodies. This statement should be accompanied by supporting maps such as geological maps, maps of the proposed openings and assay maps, sample lists, and other pertinent data. [illegible] Known Producers.

THE REQUIREMENTS AND COSTS

23. Tabulate in the form of an itemized statement with a sum for each item the estimated requirements and costs of the project so that the total will give the estimated cost of the project in which the Government will participate, as follows:

(*a*) Labor, by numbers and classes (miners, muckers, millmen, etc.), with wages of each. 3 men 75 Cents Hour

(*b*) Supervisors, by numbers and positions, with salaries of each. None

(*c*) Cost of necessary repairs to existing facilities, structures, and buildings. None

(*d*) Cost of necessary installation or construction of additional facilities, structures, and buildings. Bunkhouse shed $1000.00

(*e*) Cost of items of equipment, not now owned by the applicant which must be purchased for operations at a cost of $50 or more each. Hoist Jack Hammers table water tank Pump $1500.00

(*f*) Cost of rental for equipment which the operator proposes to rent.

(*g*) Rental value of items of equipment which the operator now owns and which will be devoted to the work. 500.00

(*h*) Cost of materials and supplies, including items of equipment costing less than $50 each. [illegible] $500.00

(*i*) Cost of power, water, utilities, and any other items not provided for above. Bars [illegible] $400.00

24. Furnish a time schedule of the project, stated in terms of months after project is approved, showing progress expected to be accomplished and the money expected to be spent. 5 months 250 feet [illegible] and all Installations

CERTIFICATION

INSTRUCTIONS

Read Mineral Order 5, Regulations Governing Government Aid in Defense Projects, before completing this application. Submit four signed copies of the application to Defense Minerals Administration, Department of the Interior, Washington 25, D. C., or to the nearest field executive officer thereof, with your name and address on each sheet of the application and all accompanying papers. If any question is inapplicable, or if you cannot answer it, so state on the form. Where the space provided for answer is insufficient, answer on a separate sheet, annex it to the application form, and refer to it in space for answer. If the application is approved, you will be presented with an exploration project contract on Form MF-200, for your signature.

THE APPLICANT

*1. Is applicant an individual, partnership, or corporation? Partnership

*2. If a partnership, state names and addresses of partners. Ralph Hazelton, Clinton Watson, Dodge City, Maine; J. J. Hazelton, Ingalls, Maine

*3. If a corporation, state names and addresses of officers, directors, and five largest stockholders. none

*4. Describe the mining and general business experience of (a) the applicant, and (b) the person or persons who will manage the project. J. J. Hazelton managed this project for one year

*5. Are you the owner or the lessee of the property? Owns fee

6. If owner, state what claims, liens, or encumbrances, if any, are against the property.

7. If lessee, attach a copy of the lease and state if it is in good standing. Final Contract attached

NOTE.—It will be necessary to procure and attach to the exploration project contract agreements of claimants, lienors, encumbrances and lessors subordinating their interests in the property to the interest of the Government under the contract. agreement attached

8. Furnish current financial statement, showing assets and liabilities, and a profit and loss statement. Financial statement attached

9. How much money is applicant prepared to invest in proposed project? Is it sufficient to pay your part of the cost of the project as detailed in question 23 of this application form, in accordance with the regulations on Government participation (Section 9 of Mineral Order 5)? answer on separate sheet

*If you have already answered these questions on MF-100, you are not required to answer the questions for this application.

16—64067-1

THE PROPERTY

10. (*a*) Give a description of the real property that will be in any way involved in the exploration project, including any existing mine or operating property. [illegible]

(*b*) Give the legal description of the exact parcel, plot, or area upon which the exploration is to be conducted.

NOTE.—If both areas are the same, so state. The only obligation to repay the Government is from the net earnings from any commercial discovery made in the area specified in (*b*) above in which the exploration is to be conducted, and the expenditure of funds which may be charged as costs of the project must be limited to that area or to work necessary to perform the exploration in that area.

*11. State the present and former names of the property, if any. [illegible]

*12. State, in detail, the location of the property with reference to towns, railroads, roads, shipping points, including distances and directions and kinds and conditions of roads. [illegible]

*13. State source and quantity of water available for operations and its sufficiency at all seasons. [illegible]
State amount of power to be used, rate per hour or other cost, and source. [illegible]

*14. Describe any existing useable facilities, equipment, buildings, or structure now on the property that will be devoted to the exploration work. [illegible]

15. State in detail how the ore could be shipped and how and where milled. [illegible]

*16. History: [illegible]

(*a*) Give a statement, as complete as possible, of previous exploration, development, operation, and production of property, with reasons for any past suspensions of operations. [illegible]

(*b*) State briefly the known history and production of adjoining and neighboring properties. [illegible]

(*c*) Furnish any available (private) reports that may apply to this application, including results of mine examinations, recommended exploration and development, and metallurgical investigations.

*17. Production:

(*a*) If mine is in production, furnish the following information: [illegible]

	Tons per day	Grade or analysis	Cost per ton	Net value per ton
(1) Mining	[illegible]	[illegible]	[illegible]	[illegible]
(2) Milling				
(3) Shipped or sold				

*18. Ore or mineral reserves: (If property is or has been operating.) [illegible]

(*a*) Describe the ore or mineral deposits briefly. [illegible]

(*b*) Submit available maps and assay data. [illegible]

(*c*) Give estimated tonnage and grade of each class of ore reserves.

19. State any conditions or circumstances regarding the property not sufficiently brought out by the foregoing questions.

THE EXPLORATION

20. For what mineral or minerals and for what types of deposits and ores will the exploration be conducted? [illegible]

21. Describe briefly, but concisely, the proposed work and the estimated time required to complete it. [illegible]

NOTE.—The Government will not participate in a project that will require more than 2 years to complete.

22. Furnish statement of the geological basis of the project with particular emphasis on factors leading the operator to expect the finding of commercial ore bodies. This statement should be accompanied by supporting maps such as geological maps, maps of the proposed openings and assay maps, sample lists, and other pertinent data. [illegible]

THE REQUIREMENTS AND COSTS

23. Tabulate in the form of an itemized statement with a sum for each item the estimated requirements and costs of the project so that the total will give the estimated cost of the project in which the Government will participate, as follows:

(*a*) Labor, by numbers and classes (miners, muckers, millmen, etc.), with wages of each. [illegible]

(*b*) Supervisors, by numbers and positions, with salaries of each. [illegible]

(*c*) Cost of necessary repairs to existing facilities, structures, and buildings. [illegible]

(*d*) Cost of necessary installation or construction of additional facilities, structures, and buildings. [illegible]

(*e*) Cost of items of equipment, not now owned by the applicant which must be purchased for operations at a cost of $50 or more each. [illegible]

(*f*) Cost of rental for equipment which the operator proposes to rent.

(*g*) Rental value of items of equipment which the operator now owns and which will be devoted to the work. [illegible]

(*h*) Cost of materials and supplies, including items of equipment costing less than $50 each. [illegible]

(*i*) Cost of power, water, utilities, and any other items not provided for above. [illegible]

24. Furnish a time schedule of the project, stated in terms of months after project is approved, showing progress expected to be accomplished and the money expected to be spent. [illegible]

Name and address of applicant

Date Sept 25, 1951

DEFENSE MINERALS ADMINISTRATION WASHINGTON, D.C. OCT 1 8 25 AM '51

INSTRUCTIONS

This form is to be filed with Defense Minerals Administration, Department of the Interior, Washington 25, D. C. It should be accompanied by appropriate application form when a specific type of Government assistance is requested, in the form of (1) loan, (2) purchase contract, (3) Government guarantee of a private loan, (4) priorities or allocations of mining equipment, and maintenance, repair and operating supplies, and (5) other forms of Government assistance that might arise under the Act. Submit four (4) signed copies of the form and accompanying papers. Name and address should be stamped or typed on each sheet of this form and all accompanying papers. *When a question is inapplicable it should be so stated on the form.* Additional sheets may be attached in answering any questions or in supplying additional information. (IF YOU CANNOT ANSWER A QUESTION, SO STATE.) If a question is answered elsewhere indicate where answered. It is not necessary to answer it again.

GENERAL TECHNICAL DATA

Supply the following information on separate sheets, arranged, numbered, and lettered as indicated:

1. Materials produced:
   (*a*) What are the chief mine, mill, or smelter products? Gold silver copper lead zinc
   (*b*) What are the byproducts, if any? None
2. Name(s) and type(s) of mine(s), mill(s), smelter(s), refinery(ies), pit(s), quarry (ies), drilling operation(s). Include old names of property, if any. Show extent of workings, including the following:
   (*a*) Linear feet of shafts. 50 feet
   (*b*) Linear feet of drifts and crosscuts. 80 feet
   (*c*) Linear feet of tunnels or adits. 60 feet
   (*d*) Linear feet of other mine openings (explain briefly). one 30 feet one 40 feet one 20 feet one 15 ft
   Indicate whether mine is flooded or not. Describe any pumping problems. Give size or productive capacity. No flooding
3. For each operation listed above supply the following:
   (*a*) Distance and direction from nearest town and shipping point. 120 miles to El Paso Texas
   (*b*) Mining district. Andinos
   (*c*) Township, Section, Range. Do not have this information
   (*d*) County, State. Dona County New Mexico
4. (*a*) State whether or not property is now in operation, and if in operation, by whom operated.
   (*b*) Are you operating this property as:
   - [x] Owner.
   - [x] Lessee.
   - [ ] Contractor.
5. Number of years in production 14 months
   If not in production or operation, estimated date when production will begin _____
6. Experience of operators: Applied mine and management
   Describe the mining and general business experience of (*a*) the applicant, and (*b*) the person or persons who manage the project. Have operated mine also experience in business
7. History:
   (*a*) Give a statement, as complete as possible, of previous exploration, development, operation, and production of property, with reasons for suspension of operation. Operated By Independent in making
   (*b*) State briefly the known history and production of adjoining and neighboring properties.
   (*c*) Furnish any available (private) reports that may apply to this application, including results of mine examinations, recommended exploration and development, and metallurgical investigations. on adjoining mine a proven producer

16—63792-2

8. Names and addresses of Officers, Directors, or Partners, and in addition thereto, the five largest stockholders if applicant is a corporation.

Name and Address (a)	Official Title (If officer is also director indicate by "D") (b)	Total of Annual Salary, Commissions, Bonuses, Etc., Received From Applicant and Affiliates During Last Fiscal Year (c)	Estimated Net Worth Outside of Interest in Applicant (d)	Number of Shares Held in Applicant Corporation		Life Insurance Carried for Benefit of Applicant	
				Common (e)	Preferred (f)	Amount (g)	Net Cash Surrender Value After Loans (h)
	Total		x x x x x			x x x x x	x x x x x

If more lines are needed continue on separate sheet.

9. Capital Stock Issues:

For Corporate Applicants

Item	Authorized (a)	Outstanding (b)	Par Value (c)	Number of Shares Outstanding (d)	Dividend Rate Last Paid* (e)
Common stock	$	$	$		
Preferred stock	$	$	$		

*Indicate period covered.

10. Production:

Item	Kind of Product (a)	1948 Total (b)	1949 Total (c)	1950 Total (d)	Present Average Monthly (e)
1. Quantity of product mined or quarried (Short, long, metric tons; barrels; pounds; etc.)					
2. Quantity of product processed (specify unit of measure and type of process)					
3. Quantity and grade of product sold or shipped (specify units of measure)					

11. Do you contemplate a change in the present average monthly rate of production? If so, state estimated maximum monthly production and basis of change.

12. Ore or Mineral Reserves:

(*a*) Describe the ore or mineral deposit briefly. Accompany the application by any available report on the geology and ore reserves.

(*b*) If deposit is other than placer:

(1) Submit assay plans and/or sections showing location and size of proved (measured) and probable (indicated) ore or mineral reserve.

(2) State the tonnage (indicate type of ton) and grade of each class of ore reserve, as above, and show how computed. Tabulated total ore reserve as follows:

TOTAL ORE OR MINERAL RESERVES

Ore or Mineral Reserve	Estimated Tons (a)	Metal or Mineral Content Per Ton (Grade) (b)	Gross Value Per Ton (c)	Recoverable Unit Value Per Ton (d)	Estimated Cost of Production Per Ton (e)
Measured (proved)					
Indicated (probable)	1000		$25.00 or more		$10.00

(*c*) If placer:

(1) Give estimated total yardage and average marketable mineral content of each deposit.

(2) Submit map showing location of placer deposit and surrounding area, with all test holes or pits. Submit logs of each hole and test pit with depth and average value of each.

(3) Describe gravel, stating whether fine, medium or coarse; loose, tight, cemented, or frozen, and whether it contains stumps or boulders more than 1 foot in diameter; if so, how large, and in what proportion.

(4) Describe bedrock, giving type (granite, sandstone, shale, etc.) and state whether it is hard or soft, smooth, uneven or rough.

(5) Describe overburden, stating whether loose, tight, or cemented; fine or coarse textured; furnish estimate of average thickness and total amount.

(6) Tabulate the reserves using the form outlined above for ore or mineral reserves.

13. Access Roads:

Give road distances to shipping, supply and residence points, stating kind and condition of roads. 95 miles Hot Springs N.M.

14. Water Supply: Well

State source and quantity of water available for operations and whether sufficient for all seasons of year.

15. Power: Gasoline motors also one mile The water is Dependable

State amount of power used, rate per hour, and source thereof. PE a line

16. Labor:

State number and classes (miners, muckers, millmen, etc.) of men employed during a recent representative payroll period. — — — not Ref as Have Did most work myself

17. Equipment and Facilities:

Describe present equipment on the property, including buildings. (State condition.) List major pieces of equipment now owned or controlled and in serviceable condition available for this operation. Compressor and Gasoline Winches Hand Tools Hoist

18. Are there any particular conditions or circumstances affecting your operations that are not described above? If so, explain.

CERTIFICATION
