Mr. Cecil Fitch, President
Chief Consolidated Mining Company
608 Dooley Building
Salt Lake City, Utah

Docket No. DMEA 1 & 1A
Contract No. Idm-E4

Dear Mr. Fitch:

A review of the settlement sheets submitted by the Chief Consolidated Mining Company discloses some errors in calculation of royalty.

We note that the royalty rate in five shipments is in excess of that required by the contract.

Your attention is called to Section 10 of the enclosed DMEA Order No. 1, paragraph (a)(2), which states that the amount of royalty increas ½ (one-half) percent for each additional full 50 cents by which the net amount exceeds $8.00 per ton.

The following tabulation gives the amount of royalty paid and the amount due the Government for six settlements which are in error:

Lot	Net Value	Value per ton	Percent Royalty	Royalty Paid	Royalty due
124-GP	$2784.04	10.92	4%	$125.28	$111.36
135-GP	2638.72	10.91	4%	118.74	105.55
139-GP	3982.21	14.83	5%	198.76	199.11
141-GP	2443.17	9.98	3%	85.51	73.30
140-GP	2688.57	10.05	3½%	107.54	94.10
3-GPU	2975.78	10.52	4%	148.79	119.03
	Total			$784.62	$702.45

In your next royalty check, you may deduct $82.17, which is the amount we have been overpaid.

Very truly yours,

W. H. KING
